

*"We consider Tolvik data is reliable as it provides an independent view based on multiple sources of information."*

Competition and Markets Authority, August 2022

**Tolvik is a leading provider of independent market analysis and commercial due diligence to the European waste and bioenergy sectors.**

#### ◆ **Market Analysis**

Since 2009 Tolvik has provided major waste companies, project finance banks and equity investors with thoroughly researched, authoritative market assessments upon which they can rely.

#### ◆ **Published Reports**

Not all our work is client specific, and as part of maintaining a comprehensive and accurate set of industry metrics and models we publish reports either as free downloads or for sale via our website.

#### ◆ **Commercial Due Diligence – Project Finance**

Our comprehensive understanding of the market, extensive experience negotiating and reviewing industry contracts and recognition of what is and is not important to investors allows us to provide unambiguous, trusted and objective advice to investors.

#### ◆ **Commercial Due Diligence – Mergers & Acquisition**

Supported by £10m Professional Indemnity Insurance we have been engaged by both debt and equity investors for investments ranging from £5m to £4.2bn.
